

# Weekend Service Notes

*This resource is an example of how we take notes of what each of our services were composed of. By noting what occurred in each service we are able to look back, week-over-week and year-over-year so we can plan accordingly for next year as well make changes if there is an area of improvement.*

#### ACTION NOTES

- Festoon lights not on
- Female bathrooms not switched to Male

#### SEATING NOTES

- Lead Pastor not here
- For service notes: let's not do named stickers for elders but just a cheat sheet like the weekend. Ended up with too many empties in random places.
- Did female toilets in main level get switched over to male?
